

# Walking with the Saints

**L**ocal author Jenny Child has written a new book of spirituality for every day of the year - "Walking with the Saints. In his Foreword, the Dean says "in this well-researched book, Jenny Child has given us a complete year of saints in which every day commemorates a different name as saints from the different centuries are remembered....There is an international quality about this collection which makes it not just of historic interest but also a tapestry of different cultures and spirituality."

Published by Columba Press, Dublin, the book offers a short history of a saint for every day of the year. These are gathered from a wide spectrum of saints from Anglican, Roman Catholic and Orthodox traditions. It has an international flavour with saints from the British Isles, Europe, Scandinavia and even Australia. Jenny Child works and worships at Canterbury Cathedral. This latest book is available from the Cathedral Shop, 25 Burgate, Canterbury, <https://www.cathedral-enterprises.co.uk/>.
