'Climb the Corona' Tour

The Corona Chapel was built in the 12th century to house the crown - 'corona' in Latin - of St Thomas Becket's skull, which had been sliced off during his murder and was revered as a saintly relic. Explore the chapel, usually closed to the public, giving you the opportunity to explore the tombs of Cardinal Reginald Pole and Archbishop Temple, and view the wonderful stained glass windows in more detail, before climbing the 95 steps to the top of the Corona Tower itself and experience amazing views across the city in all directions. This tour offers a unique opportunity to see the city of Canterbury differently - as well as some hidden stone carvings atop the tower.

Dates: Wed 23 & 30 July, 14:15-15:15; Fri 25 July, 14:15-15:15

Fri 1, 8, 15, 22 & 29 August, 14:15-15:15; Wed 6, 13, 20 & 27 August, 14:15-15:15

Wed 3 & 10 September, 14:15-15:15; Fri 5 & 12 September, 14:15-15:15.

£12 per person, plus Cathedral admission charge. This is a popular tour; pre-booking advised to avoid disappointment.

Tent Appeal

Following the successful and moving events of this year's Refugee Week, we are asking that those who have a spare tent and/or sleeping bag might donate it to those in need in Calais. Shelter for asylum seekers is very hard to find in Calais. Their tents are cleared away by the authorities twice a week, so there is little chance of holding on to a safe place to sleep. If you can, please consider giving tents and sleeping bags, which can be transported to Calais. You can email jarnold@diocant.org at The Social Justice Network, leave them in Diocesan House, Lady Wootton's Green, CT1 1NQ, or bring them to Cathedral House. Alternatively, you can give money to the USPG appeal: The link is : <http://refugee-appeal.uspg.org.uk/>

Visiting Choirs

During the Cathedral Choir's Summer break, we have visiting choirs which come to sing our services for us. In the last week we have had the Gundulf Consort. Over this weekend we are joined by the Vasari Singers. Next week, services will be sung by the Choir of Christ and St Luke's Church, Norfolk, Virginia. We are very grateful to all our visiting choirs for their hard work and for allowing us to maintain a high standard of music in worship whilst the Cathedral Choir is having a well-earned rest.

Children's Church

Children's Church is having its summer break. There will be no Children's Church from today until 7th September, but there are parent-led crèche facilities for babies and toddlers in the north east transept - please ask a steward for directions. We are grateful to Jessie and her team for all their work with the Cathedral's children and young people throughout the year.

LIMITED TIME ONLY FREE* ART INSTALLATION moon landing: an immersive music and textile collaboration, 9 June - 31 August 2025

This summer, the medieval splendour of Canterbury Cathedral will complement a stunning free-to-view* modern art installation inspired by the little-known story of the women who wove the integrated computer circuits and memory cores which enabled the 1969 moon landing. The breathtaking installation moon landing - a duo work created by British textile artist and designer of woven textiles, Margo Selby, and award-winning composer, Helen Caddick – comprises a vibrant 16-metre hand-woven textile suspended from the ceiling near the Cathedral's Trinity Chapel, created in response to the moon landing score, an original musical piece scored for strings. It is a celebration of the mathematical and technical possibilities of weaving and the crossovers of pattern, tone and rhythm found in both music and woven textiles. Margo translates Helen's music into textile art. The stripes within the textile reflect the rhythm of the music. With both artists in dialogue across the creative process, Helen's evocative score echoes the strings of a loom and the binary code used in weaving, reflecting the involvement of Navaho women in the creation of the circuits and the Huguenot weavers who brought their craft to London in the 17th century, a heritage craft that Margo upholds. Supported by a grant from The Friends of Canterbury Cathedral (Charity No. 1210093).

*moon landing is free-to-view by anyone with a valid form of Cathedral sightseeing admission (including Cathedral Admission Ticket, Cathedral Pass or Friends' Card), or those attending a service in the Quire.

Take part in the Cathedral's Living Colour Chart

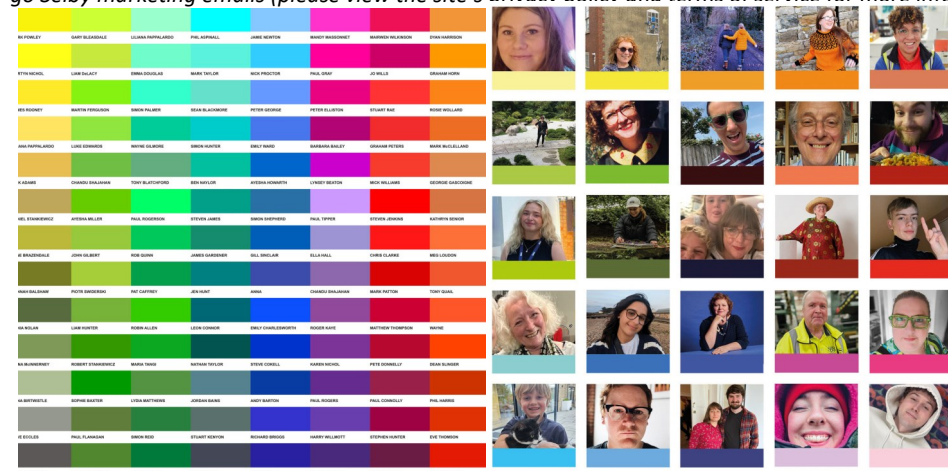

You are invited to take part in a new project by artist Margo Selby - whose work *moon landing* is on display in the Cathedral this summer – by submitting your favourite colour to a Living Colour Chart.

This could be the red of a favourite T-shirt, the blue of the sea from a treasured holiday, or a hue that reminds you of a special person, place or event. As more and more people – including Cathedral staff and volunteers, regular worshippers and visitors during the summer - submit their colours and stories, the Living Colour Chart will grow and evolve, creating a unique snapshot that reflects the Cathedral community and our visitors. It's hoped that, eventually, this community project can be extended to include all of the UK's cathedrals and create a national Living Colour Chart.

If you would like to take part, please submit your colour online via the QR code, or at

www.margoselby.com/pages/living-colour-chart-canterbury-cathedral

Please note: By submitting your colour choice via Margo Selby's website, you agree to receive Margo Selby marketing emails (please view the site's privacy policy and terms of service for more info).

Tips for keeping cool in the heat of summer

Katharine Norton, regular member of the congregation, spent twenty years in the heat of Africa, and gives some tips on how to keep cool when the weather is very hot.

- Drink lots to keep hydrated, a variety of drinks is good.
- Drink tea to raise your blood pressure which lowers in the heat.
- Increase your salt intake as you lose it to sweat.
- Drink a teaspoon of sugar and a pinch of salt in water (or packets of oral rehydration powder) to increase electrolytes.
- Open all windows and doors and curtains at night to get the cool air through, close them all during the day to help the sun out.
- If possible, rest in the heat of the day and use the cooler morning and evenings for activity.
- Sleep in a wet t-shirt to keep cool.
- Consider sleeping in a different place, perhaps you have a room with a cold floor or an airy room with a number of windows/doors for a cross breeze.
- Carry a small spray bottle of water and use it to spritz water on your face etc
- Plan when/ what you cook for your main meal so you're not working over a hot stove in the hottest heat.

Memoir by Canon Roger Symon

Roger Symon became a chorister here in 1942 and returned to Canterbury as Canon Librarian, having been a member of Lambeth Palace staff. His memoirs provide a fascinating account of his long association with the cathedral. The book is priced at £10, all proceeds supporting the Cathedral Friends and the Al-Ahli Hospital in Gaza. Please email archives@canterbury-cathedral.org if you would like a copy.
