

WHEELCHAIR ENTRANCES AND ROUTES AROUND THE CATHEDRAL

We hope you enjoy the facilities, which we have made available to you. We are sorry that some of the spaces are still inaccessible for wheelchairs – these are shaded on the map.

Look out for members of the Cathedral Staff; they are there to assist you should you require information or help. You will find 'assistants' wearing a yellow sash, or a chaplain or virger in a black cassock.

Also view the website for details of regular BSL tours / BSL interpretation of Evensong.

A Touch and Hearing Centre is available for people with a visual impairment. Please ask for assistance at the Welcome Centre.

INDUCTION LOOP

An Induction Loop for people who are hard of hearing has been installed in the Nave, Quire and Crypt, for use during Services. Hearing aid users should adjust their aid to T.

RAMPS

There is one permanent ramp for wheelchair users, and that is into the Crypt from the north door. Other ramps, which are for industrial use by the Works

Department, may be found from time to time. These are dangerous and not fit for use by wheelchairs.

LIFT

There is a lift by the Dean's Steps on the north east side of the Cathedral to enable wheelchair users to gain access to the Quire.

ASSISTANCE DOGS

Assistance dogs are welcome in the Cathedral at all times.

A PRAYER FOR YOU TO USE

*Bless me, Lord,
in this place
where for centuries
men, women and children
have known you.
Bless those for whom I pray
in love and concern.
Blessed by you,
may I be a blessing to others.*
